

GIVING RECYCLED BIKES

ReCranked

in Schools

NEW RIDERS

ReCranked in Schools is a hands-on learning program focused on bike maintenance and repairs.

The program fosters a positive environment for learners experiencing vulnerability or disengagement from mainstream learning. Through the cultivation of new skills, capabilities and teamwork, students build their confidence, meaningful relationships and active engagement in the educational setting.

Programs can be designed to meet the needs of your school. Results from pilot schools include:

**37% increase
in participant
cooperation**

**44% growth
in participant
confidence**

**43% improvement
in class
attendance**

“We noticed students participating in ReCranked became more engaged with school, were more positive and had increased confidence. Many asked if they could do the program again!”

Daniel O’Kelly *Assistant Principal,
Yuille Park Community College*

Price dependant on term length

“I didn’t know anything about bikes before and now I know a bit. I can fix a puncture.”

Billy, 11yrs

“Some of these students struggle to concentrate in the classroom but with a different focus and subject matter they apply themselves really well here in the shed.”

Wayne Teacher, Yuille Park Y2 Program
